## FAIRBRIDGE FESTIVAL 2010 09 – 11 April

### Advertisements for the Festival 2010 Program Book

Every year Fairbridge Festival produces a program book of outstanding value and quality. No serious festival-goer would want to be without it. Every act is listed alphabetically and described with email and web address of the artist or act. The centre of the booklet shows a complete program grid and map and the front pages give all the essential information to enjoy the festival.

The 2010 program booklet will be in the new A5 glossy colour format, so your advertising will look better than ever!

Advertising will be limited, and will be on a first-come basis. If we reach our quota in a particular size format, we will offer an alternative to you (if available).
